Tanveer Ahamed

Software Developer

📞 9154040123 ✉ tanveer1.mtm@gmail.com 🔗 LinkedIn </> Portfolio 📍 Hyderabad, India.

I'm a results-driven Software Developer with 5+ years of experience, specializing in frontend development using React, React Native, and Node.js. I have a strong track record of delivering scalable, high-performance applications across domains like POS systems, AI-powered ad automation, and payment integrations. With a deep understanding of both product and user needs, I bring a problem-solving mindset, clean coding practices, and a passion for delivering business-impactful solutions.

EXPERIENCE

Software Developer
Limendo,
📅 06/2022 – Present 📍 Hyderabad, India

- Led the frontend development of the Kassa POS application in **React Native**, building key modules like cart, combo, and order flow
- Designed and developed an **AI-powered ad generation** module in Yodalytics, enabling users to create customized pop-up ads reducing manual design time by **50%** and improving ad deployment speed.
- Developed and integrated a **payment module using Stripe** to facilitate seamless transactions within the **Mytoni** platform.

System Engineer
Infosys,
📅 11/2020 – 06/2022 📍 Hyderabad, India

- Delivered a **React**-based data dashboard for Kraft Heinz, that enabled CRUD operations on warehouse data.
- Collaborated with cross-functional teams to **analyse** large datasets in the sales domain using **Snowflake** and **Azure ADF**, driving data-driven decision-making.

Full Stack Intern
Space Application Center (ISRO),
📅 12/2019 – 06/2020 📍 Ahmedabad, India

- Developed a React-based console for geo-spatial data visualization, enabling users to perform analytical operations efficiently.
- Optimized map loading time by 30% by building a tile-generating server in Django

EDUCATION

B. Tech, Computer Science and Engineering
VR Siddhartha Engineering College, Andhra Pradesh, India.

2016 – 2020 | CGPA: 8.3

SKILLS

Frontend: React, React Native, JavaScript, TypeScript, HTML, CSS, Bootstrap

Backend: Node.js, Django

Database: MongoDB, SQL Server

Cloud/Tools: Azure, ADF, Snowflake, Git

Other: DSA, Prompt Engineering, Stripe
